Mane Program Trail Ride October 1-3, 2010 The Fundraiser

Purina Pink 50

(ST. LOUIS, Mo. – August 9, 2010) –Purina is *thinking pink* this fall as they gear up for their first ever Pink 50 Campaign, an effort to unite animal lovers everywhere and raise awareness and support for breast cancer research. In September and October, more than 50 fundraising events will be held by Purina retailers nationwide in an effort to encourage communities to take action against the disease.

“The purpose of the Pink 50 Campaign is to reach out to women in rural America —raising awareness about breast cancer, educating and sharing information and supporting one another,” said Christy Goodwin, Marketing Manager, Land O’Lakes Purina Feed. “At Purina, we’ve always been passionate about making a positive impact in the lives of animals and their owners.”

Purina’s Pink 50 Campaign events will range from trail rides and barbecues to tack swaps, with each event sharing a common purpose — to feed today for a difference tomorrow. For a listing of local events, log on to www.purinamills.com/Pink50. In addition to the more than 50 Purina events taking place across the nation in support of breast cancer awareness and research, Purina also will be turning its top animal feed packages pink. Purina plans to donate a portion of the proceeds from every pink bag sold to breast cancer research. Select animal feeds include Equine Senior®, Strategy® GX, and Omolene #200® horse feeds, Layena® SunFresh® Recipe poultry feed, Rabbit Chow™ Complete Natural AdvantEdge® rabbit food and Goat Chow® goat feed.

The Pink 50 Campaign was inspired by Purina’s Equine Senior Horse Tales Contest held every other year that encourages horse owners to share their heartfelt stories.

“Several stories that we receive from horse owners describe how their horses offered an escape from cancer and other illnesses and how their horses provided comfort to family members as they stood by and helped mothers, daughters, fathers and sons through treatment,” said Goodwin.

Purina’s featured 50 local fundraising events are included below. To find more events in your area, or for more information on a specific event, contact your local Purina retailer or log on to www.purinamills.com/Pink50.

After learning about the Purina Pink 50 program I began to research breast cancer related groups in the area. When I came across a new program: The Visiting Nurse Association - Breast Cancer Treatment Support Program, I knew it was the right choice. The money you donate will go directly to rural women with breast cancer in Nebraska.

I personally knew The Visiting Nurse association when my mom was dying of spongiform encephalitis and in hospice care. The Visiting Nurses were there. They gave care and comfort. When my grandpa needed wound bandages changed daily so he could continue to live at home, they were there. Now they have a new fund to help breast cancer patients. I know they will continue to be there helping individuals in rural Nebraska.

Visiting Nurse Association – Breast Cancer Treatment Program

The VNA Breast Cancer Treatment Support Program is dedicated to providing services that empower women undergoing treatment so they can focus on recovery.

This new VNA/Komen partnership can help women in Nebraska by providing services to women statewide at no cost undergoing treatment for breast cancer.

- This may include financial assistance for day-to-day expenses, such as utilities, clothing for kids, prescription co pays and more.
- A trained VNA representative will work one-on-one with you to move forward in your recovery, whether in person or over the phone, to determine your needs.
